OUR PROMISE

When Pink Ribbon Society was established, a choice was made to keep the funds we raise in our Community to support the men and women of Lake, Porter, Jasper and Newton Counties whose lives have been touched by breast cancer.

We are grateful for other organizations who raise funds to support breast cancer research and we are eternally hopeful that a cure for breast cancer will be found soon.

However, we are very aware of the immediate needs of those in our community who have been diagnosed with breast cancer right here and right now. They may be in need of additional testing, prostheses, wigs, financial support and other kinds of help TODAY!!

To date, Pink Ribbon Society has returned over \$600,000.00 to both local individuals and other breast cancer organizations and we promise to continue these efforts to support our community.

For more information about Pink Ribbon Society, contact us at one of the following:
